

San Jose Urban Plunge - Virtual
Oct 2-3, 2020

*The San Jose Urban Plunge (SJ Plunge) is an annual immersion for Presentation High School students to **learn more about San Jose, houselessness, poverty, and other societal issues specific to Santa Clara County.** Many students feel they do not experience San Jose the same again.*

The SJ Plunge usually takes place in downtown San Jose, but this year, we have the unique opportunity to experience the immersion in a virtual setting.
