Mission Statement

Presentation High School is an inclusive community that empowers young women to become fearless and faithful leaders determined to serve the world.

Presentation High School is a secondary school for young women whose purpose and direction flow from the teaching mission of the Catholic Church and the educational ministry of the Sisters of the Presentation.

This school strives to infuse the entire educational experience with the vision of life found in the Gospels. Each student is challenged to become a woman of faith, dedicated to working with others, intellectually competent and committed to her personal growth.

Graduation Outcomes

At Presentation High School each student is challenged to be:

Intellectually Competent

A Woman of Faith

Dedicated to Working with Others

Committed to Personal Growth

Diversity, Equity and Inclusion

As an all-girls Catholic high school founded on the principles and values of foundress, Nano Nagle and the Sisters of the Presentation of the Blessed Virgin Mary:

- We believe that all persons have inherent dignity and are made in the image and likeness of God.
- We are committed to an inclusive community which promotes respect, loving dialogue, equity, empathy, humility, courage, understanding, and societal awareness, both locally and globally.
- We believe that diversity is a blessing that refers to the myriad of personal experiences, values, perspectives, talents, and worldviews that arise from differences in culture and circumstance.
- We are committed to creating a diverse learning environment where each student may reflect on their own identity, experiences, talents, and abilities to lead and serve others in a way that is rooted in radical faith, compassion, justice and love.

All members of the Presentation community are responsible for advancing an understanding of and a respect for diversity as it includes, but is not limited to: ability, age, belief, ethnicity, family structure, gender, gender identity, learning style, race, religion, sexual orientation, and socioeconomic status.

Scheduling Process

Students are scheduled in the following priority order: Pre-registration eligible PAC students, current juniors, current sophomores, current freshman. Once elective classes are full, students are placed in alternates or available courses.

Scheduling Philosophy

At Presentation we prepare students for college and beyond through Catholic education.

The scheduling process reflects our commitment to teach the whole student and to *empower our students* to thrive in all aspects of their lives. In partnership with the family, counselors and teachers advise students in an effort to guide them down the *educational pathway* that is most appropriate for their development and growth. We encourage students to choose classes that best align with their strengths and interests and complement their extracurricular pursuits.

Scheduling in PowerSchool

- Students must submit schedule requests electronically through the Powerschool Scheduling Portal: https://presentationhs.powerschool.com/public/
- Students should read all directions provided in Powerschool very carefully.
- Students should select alternates according to the instructions in Powerschool. Additional guides are available in Schoology (Class Level Page > Resources > Course Selection 2024/2025).
- Students may only register for classes for which they meet the prerequisite.
- If a student selects a fall or spring free period, priority will be given to assigning the free period that semester. If a student would rather prioritize elective choice, the student should select the flexible free period option.

Schedule Change Process

At Presentation *we prioritize the interests and needs of students during the scheduling process.* In January we ask students which classes they wish to take and we then build our master schedule to support those requests. In March we allow students to request rigor changes in response to current grades.

In May, students receive their schedules. Students always get the classes they need and we make every effort to give a student their first choice electives. However, in order to offer a diverse set of electives, balance class size, and resolve scheduling conflicts, sometimes students are placed in an available course.

Because of the thoughtful and careful guidance we provide during the scheduling process, we ask students to commit to their schedules. Schedule changes should be the exception, not the rule. Our schedule change process is designed to accommodate the flexibility that some students need, while maintaining the integrity of the scheduling process and classroom environment for all students.

Schedule Change Policies

- All schedule change requests should be initiated by the student.
- We cannot accommodate schedule change requests based on preference for teacher or period of the day.

Schedule Change Process

- Schedule changes often require students to make choices between scheduling options. Because of this, all schedule change requests must be made in person by the student during the allotted time frame.
- Student will receive additional instructions when they receive their schedules in May.

Important Dates: 2024

January 16–19: Advisory Week

Students will attend multiple information sessions to help guide them in making their course selections. Students will also have the opportunity to consult with teachers before submitting their course requests in PowerSchool. During this time students should give careful consideration to their selections. Schedule change requests should be the exception, not the rule.

February

Counselors will be meeting 1:1 with each of their assigned students to review their course selections. During the meeting, they will also review the student's graduation status and progress towards college admissions requirements. They will also be checking for completion of prerequisites (if applicable) and overall rigor. Students will receive a print out of their finalized course selections for the upcoming school year.

February 26-March 1

Rigor Changes: Students may ask to adjust the rigor of a course request in anticipation of third quarter grades (e.g. A student requests a change from Honors Chemistry to Chemistry after experiencing a decline in their current science grade).

Early June

The Scheduling Coordinator will notify all returning students that schedules are available and will provide students instructions for how to request a schedule change, if necessary.

July 29-31

Schedule change requests for rising 11th & 12th Grade Students

August 1–2

Schedule change requests for rising 10th, incoming 9th, and transfer students.

Wednesday, January 24

Students must complete the following steps to complete the course selection process for the 2024-2025 school year:

- Submit course requests in Power-School.
- 2. Submit the Scheduling Guide Signature Page (signed by a parent/guardian) in Schoology. (See appendix.)
- 3. Submit the Time Management Worksheet in Schoology. (See appendix.)

In order to maintain PAC or class-level scheduling priority students must complete all requirements on time and in the proper format.

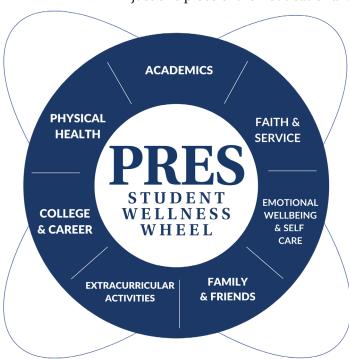

Guiding the Whole Student

As educators, we cannot ignore our responsibility to support the whole student. And the courses a student takes is just one piece of their educational experience at Presentation High School.

Each dimension of the Student Wellness Wheel is interconnected and interdependent. Wellness is a process, and we counsel students throughout their individual journey of self-awareness. We remind our students to strive for balance in all areas of their life and to make choices that will help lead to their optimal wellness.

When deciding which courses to take, students are again reminded of the many roles and responsibilities that they carry when they complete the Time Management Worksheet (see the Appendix). Students should:

- Create a schedule that is balanced and allocates enough time everyday for the important things in their life. This includes classes, clubs, sports, extracurriculars, jobs, special events, time with family and friends, and most importantly time for yourself.
- Keep in mind that your schedule should not come
 at the expense of your self-care. Having enough time
 each day to maintain the basic foundation of self-care
 (food, water, exercise, sleep) must be a priority for your
 mental health.
- Explore all of their options and consult with teachers, department chairs and counselors. Choose courses and extracurriculars that are based on your own interests and aspirations. The courses that one student chooses are not necessarily the best option for you.
- Do not base your course selections on what you think colleges may like.

We firmly believe that developing these healthy habits now will allow you to thrive and sustain them throughout college and beyond.

Guidance from College Counseling

- If your schedule allows it, take a study period during fall semester senior year so you will have time to work on college applications.
- Most four-year colleges take into account courses and grades from 9-12th grade in their holistic application review.
- *CSU and UC campuses* take into account courses and grades from 10-11th grade in their GPA calculation.
- Colleges evaluate both weighted and unweighted GPA calculations.
- Students are strongly advised to remediate
 if they earn a D/F grade in any of the UC/CSU
 approved courses listed in the Appendix.

Course selection should be about challenging yourself, finding balance and pursuing your academic interests.

Guidance from **Student Activities**

"It's not the number of co-curricular activities you're involved in, but rather the quality of your involvement that's important. Choose to be active in co-curricular activities that interest and excite you, but don't overcommit. You want to have enough time in your schedule to make your co-curricular involvement meaningful."

Suzanne Colvin, Leadership Director

 See the *Appendix* for more information on the time commitment associated with various student activities.

Guidance from Athletics

- On average, student athletes commit 10-15 hours per week to their team and training. See the Appendix, or contact the Athletic Director for more specific questions regarding the time commitment of your sport.
- If your schedule allows it, *take a study period during your athletic season*.

To help ensure success, student athletes should:

- Create a schedule for homework, extracurriculars, rest and free time.
- Practice time management skills to balance your schedule.
- Follow nutrition guidelines to keep yourself healthy.
- Reach out to your community to help keep your goals.

"Committing yourself to an athletic team is a great way to learn and grow. It's expected that you make all team practices and contests, and from that experience you will develop as a student-athlete, leader, and make lifelong friendships."

Mike West, Athletic Director

Recommended Cap for Honors/AP Courses

Nationwide, colleges and universities have also adapted their admissions policies. Our college counselors diligently study admission trends and network with admission officers year-round to ensure that our curricular decisions are current.

Honors/AP courses are optional - they are not required by any college or university. While success in an Honors/AP course may add to a student's college application, taking too many can often be detrimental.

Many colleges restrict how many Honors/AP courses they give a GPA "bump" to when scoring a student's application.

- The UC's only grant GPA "bumps" for four semesters in 10th grade and four semesters in 11th grade. GPA "bumps" are not granted for any 12th grade coursework. So, regardless of how many Honors/AP courses a student completes in high school, the UC's will grant the student a maximum of eight GPA "bumps when reviewing their application. You can find more information on how the UC's calculate GPA and complete their holistic review process on their website.
- The CSU's have a similar policy. The only difference is that they will grant GPA "bumps" for 12th grade coursework. But, the maximum is still eight semesters. You can find more information about their admission process on the CSU website.
- Each college recalculates a student's GPA based on their rules and requirements. At Presentation, we grant GPA
 "bumps" for all Honors/AP classes. So, your PRES GPA will likely be significantly higher than what will be once
 recalculated by your selected colleges.

Colleges have also become selective as to whether or not they will grant early college credit for passing AP exam scores. By restricting the number of college credits they award for passing AP exam scores, colleges are able to ensure that students are prepared according to their own educational standards (as well as ensuring their enrollment and tuition targets).

| Grade Level | Recommended Cap |
|----------------------|--|
| Freshmen | 2 |
| Sophomores | 3 |
| Juniors & Seniors | 4 (only if the student also has a Free Period) |

We will also be sharing this recommended cap to colleges through our school profile. Each year, the college counselors compile data on the previous year's graduating class as well as significant information about the context of our school.

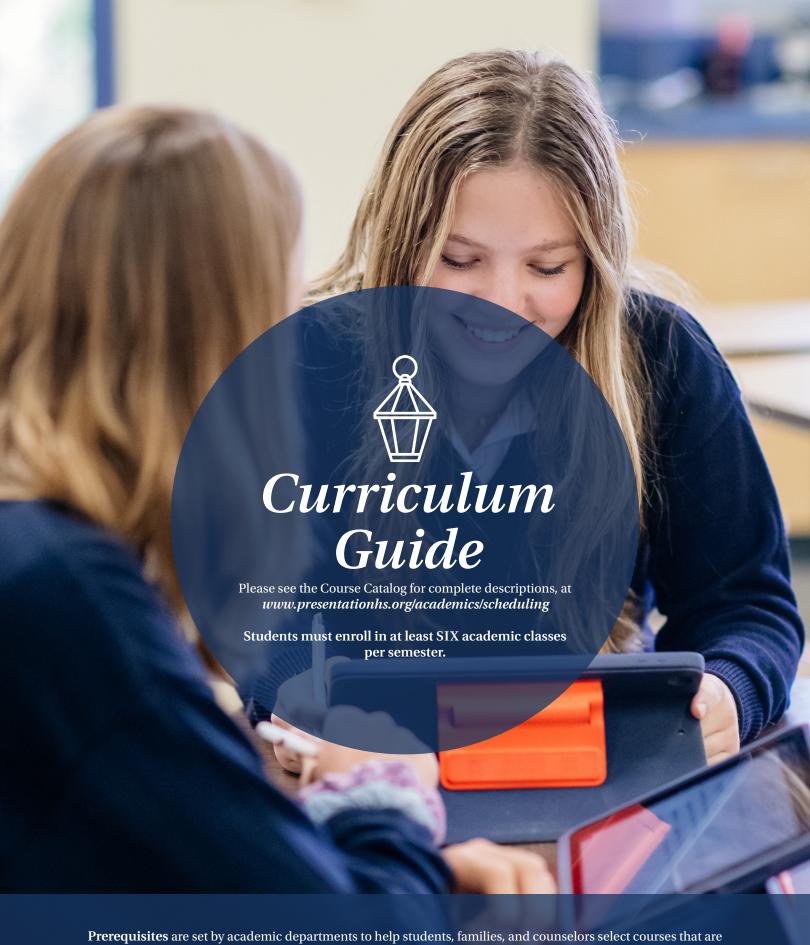

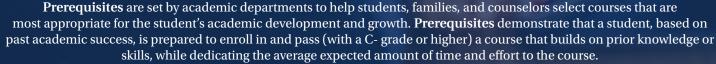

Presentation High School **Graduation Requirements**

Each year, students will build a unique and balanced schedule in partnership with their counselor. Students are encouraged to take challenging courses that are appropriate for their level and align with their academic interests. The college counselors encourage students to take challenging courses (Honors and AP courses) that are appropriate for their level and align with their academic interests.

| Subject | Presentation HS Grad Requirements (2025) | Presentation HS Grad Requirements (CO 2026 or later) | UC/CSU A-G Min Requirements | 4-year College/ University Suggested Requirements |

Mathematics | 6 semesters required

All current students receive an individualized course recommendation from their math teacher prior to course selection. As part of the recommendation process, math teachers also reflect on the attributes necessary to succeed as they advance to more complex content. Thus, course recommendations are not based solely on grades but are used to help students/parents have open conversations between themselves, with their math teachers, and with their counselors as they decide what course is best for them.

| Current Math Class | Next Math Class Options |
|-------------------------|---|
| • PreAlgebra/Algebra 1A | Algebra IB/Geometry |
| • Algebra I | Geometry D- in each semester of Algebra I Honors Geometry B+ in each semester of Algebra (Students currently enrolled in the Daily Algebra course are not eligible for Honors Geometry) Geometry (Summer Advancement) B+ in each semester of Algebra I |
| • Geometry | Algebra II D- in each semester of Geometry (Geometry summer advancement student with B or better in each summer session) Honors Algebra II B+ unweighted math GPA and B+ in each semester of Geometry. (Geometry summer advancement student with A- or higher may advance to Honors Algebra II) |
| Honors Geometry | Honors Algebra II B+ unweighted math GPA and B in each semester of Honors |
| • Algebra II | Precalculus B- in each semester of Algebra II AP Precalculus A in each semester of Algebra II with teacher recommendation Statistics I D- in each semester of Algebra II; semester-long class Statistics II D- in Statistics I; semester-long class The Statistics I/II path is for seniors only; juniors need counselor and math department chair approval AP Statistics B+ in each semester of Algebra II |

Mathematics | 6 semesters required

| Current Math Class | Next Math Class Options |
|---------------------|---|
| • Honors Algebra II | Precalculus C in each semester of Honors Algebra II AP Precalculus B- in each semester of Honors Algebra II AP Statistics C+ in each semester of Honors Algebra II |
| • Precalculus | Calculus I B- in each semester of Precalculus AP Calculus AB A in each semester of Precalculus with teacher recommendation AP Statistics |

| AP Calculus AB | AP Calculus BC B- in each semester of AP Calculus AB AP Statistics |
| • AP Calculus BC | Honors Multivariable Calculus B- in each semester of AP Calculus BC AP Statistics |

Additional Math Option (Non-sequenced course)

AP Computer Science A

Grades 10-12. B in each semester of Algebra II or C in each semester of Honors Algebra II. Can be used to fulfill the third year of UC/CSU A-G "C" Mathematics requirement.

Financial Math

Grades 11-12. C- or better in Geometry. Not recommended as the only Junior year math course or as a replacement to Algebra II unless recommended by your teacher.

Science 6 semesters required

- One year of life science (e.g. Biology) and one year of physical science (e.g. Chemistry, Physics, Earth Science) is required.
- The Science Department recommends that students begin with Biology freshmen year. However, some students choose to postpone Biology until sophomore year depending on the balance of their course schedule.

Year 1 (Freshman or Sophomore)

Year 2* (Sophomore or Junior)

Biology I

Honors Biology I (Freshmen only)

Chemistry

D- in each semester of Biology I or Honors Biology; completion of Geometry is recommended, but not required.

Honors Chemistry

B+ unweighted Science GPA AND Math GPA; completion of Geometry is recommended, but not required.

Years 3-4** (Junior and Senior)

Earth Science

D- in each semester of Biology or Honors Biology

AP Environmental Science

B+ unweighted Science GPA AND concurrent enrollment in, or completion of Chemistry or Honors Chemistry.

Engineering and Design

D- in each semester of Biology or Honors Biology

Physics

C- unweighted Science GPA

Honors Physics

B+unweighted Science GPA AND Math GPA; Completion or concurrent enrollment in Algebra II recommended.

AP Physics I

Concurrent enrollment in, or completion of Honors Precalculus AND B+ unweighted science GPA AND B+ unweighted math GPA

AP Biology

B+ unweighted Science GPA and C- in each semester of Chemistry or Honors Chemistry; reading intensive course

AP Chemistry

Prerequisite: B+ in each semester of Honors Chemistry or A- in each semester of Chemistry; Passing grade in Algebra II. Recommended for students who have completed Honors Chemistry. Students who have taken Chemistry should discuss this option with their science teacher before enrolling.

Anatomy and Physiology A

Concurrent enrollment in third year of science or taken as a fourth year of science

Anatomy and Physiology B

Concurrent enrollment in third year of science or taken as a fourth year of science; D- in Anatomy and Physiology A

Biotechnology and Bioethics

Completion of Biology I

After-School Enrichment

Math & Science Independent Research

Credit/no credit course; Enrollment is during the initial scheduling process. Seats are filled on a first come, first served basis.

• *Above represents the typical order in which classes are taken. Some students may choose to delay Chemistry until more math has been completed. Such students might prefer Earth Science or Engineering and Design for their second year of science.

Modern Language

4 semesters of the same language required

We encourage any student who speaks the language at home, or has studied one in school, to take the proficiency test in order to ensure proper placement. Students should only enroll in level 1 if they have little or no prior experience with the language.

American Sign Language

American Sign Language I

American Sign Language II

Passing grade in each semester of ASL I or qualifying score on ASL proficiency exam

| | ASL proficiency exam | |
|--|---|--|

B+ in each semester of French III or B- in each semester of Honors French III

French V

D- in each semester of French IV or AP French Language and Culture

01

Honors French V

B+ in each semester of French IV or B- in each semester of AP French Language and Culture

or

French IV/V: Professional French

B+ in each semester of French III or 3 Honors or B- in each semester of French IV or AP French; semester or year-long

.....

Spanish IV: Conversation & Popular Culture D- in each semester of Spanish III or Honors Spanish III

and/or

AP Spanish Language and Culture

B+ in each semester of Spanish III or Spanish IV, or B- in each semester of Honors Spanish III; grades 11-12 only

*11-12th grade students may take AP Spanish Language and Culture instead of Spanish IV, or they may take Spanish IV, followed by AP Spanish Language and Culture. 10th grade students at this level must take Spanish IV.

AP Spanish Literature and Culture

B- in each semester of AP Spanish Language and Culture

Religious Studies |

7 semesters required

In order to help students understand and embody the Presentation charism and the vision of life found in the Gospels, students are required to enroll in seven semesters of Religious Studies during their time at Presentation. Courses will provide students the opportunity to grow in faith while deepening their understanding of justice and care for the dignity of the human person. Freshman year begins by studying the story of God's love and faithfulness in the Hebrew Scriptures, then encountering the Good News of Jesus Christ in the Christian Scriptures. Sophomores will learn more about Catholic faith and worship. Juniors will pursue growth in morality and discover how to work toward creating a more just world through Social Justice, and Seniors will be able to select from engaging spirituality electives. All courses aim to help students strengthen their relationship with God.

| Current Grade Level | Current Religion Class | Next Religion Class |
|---------------------|--|---|
| Current Freshmen | Hebrew Scriptures <i>and</i> Christian Scriptures | The Church: Mission and Sacrament (one semester of religion taken in conjunction with PE Health during sophomore year). |
| Current Sophomores | The Church: Mission and Sacrament | Upper division courses are semester-long. Juniors and seniors must enroll in a religion class each semester. Graduation Requirements (Beginning with the class of 2023, students must take Moral Theology in junior year.) • Moral Theology and • Social Justice (Prerequisite: Moral Theology) |
| Current Juniors | Upper Division Course(s) | Electives: Christian Lifestyles: Confirmation Preparation Note: Offered on a rotational basis. Next offering will be during the 2025-2026 school year. Into Narnia: Spirituality in the 20th Century Spirituality of the Saints Women in the Church World Religions |

Social Science |

Time Management: Data on Academics, Activities and Athletics

Academic Coursework (Homework for each course)

• Non-honors courses: Average 30-45 minutes of homework per class period

- Honors and AP courses: Average 45-60 minutes of homework per class period; please note that some AP, honors and math classes will require more than an hour of homework per class period. In particular, Honors Precalculus, Calculus, AP Calculus AB, AP Calculus BC and AP Chemistry are courses that have higher than average homework expectations. For more specific information about Honors and AP classes please check with the chair of that department.
- Students often need more time to study for exams. Leave extra time for studying in addition to daily homework.

Activity & Athletics

Upper Division Planning

When planning the junior year students must also consider the senior schedule to ensure adequate room in the schedule to meet graduation requirements by the end of senior year.

Graduation requirements to keep in mind when scheduling senior year (class of 2024):

- · 4 years of English
- 3 years of Social Science (including Civics *or* AP Gov AND Econ *or* AP Macro)
- 3 years of Math
- 3 years of Science
- 2 years of Modern Language
- Religion every semester junior and senior year (including requirements Social Justice and Moral Theology).
- 1.5 years of Art (including a I & II sequence)
- 1 semester of PE/Health (10th grade) plus 1 additional semester of Physical Education or equivalent sports participation

Notes:

Schedule Change Permission Form

| Date | Year of Graduation | | |
|---------------------------------------|--|--|--|
| I, | , am requesting the following schedule change: | | |
| Write request in this box. Include | e the change you are requesting and the reason for the request. | | |
| The following are true (initial next) | to each statement): | | |
| | oping a class that I need for graduation. (Seniors only) | | |
| | nents and I understand how this schedule change completion of those requirements. | | |
| Student Name (Please print) | Student Signature | | |
| Parent/Guardian Name (Please print) | Parent/Guardian Signature | | |
| Counselor Signature | Teacher's Signature (if dropping a class after school resumes) | | |

UC/CSU Approved Courses

Presentation High School graduation requirements exceed the UC/CSU requirements. While a D letter grade is considered passing for the purpose of graduation at Presentation, a student must receive at least a C- in a course for it to count towards UC and CSU eligibility. For this reason, students are strongly encouraged to remediate if they earn a D/F grade in any of the following courses.

A. History/Social Science

- AP U.S. Government & Politics*
- AP U.S. History*
- Civics
- Honors World History A/B
- U.S. History A/B
- World History, Cultures & Geography A/B

B. English

- AP English Literature*
- British Literature
- Death in Literature
- English 11 A/B
- · English 10 A/B
- English 9 A/B
- Honors English 3*
- Honors English 4*
- Honors English 9 A/B
- Honors English 10 A/B
- · Individual & Society
- · Modern Playwrights

C. Mathematics

- Algebra Readiness
- Algebra I
- Algebra II
- AP Calculus AB*
- AP Calculus BC*
- AP Computer Science A* Honors Precalculus*/
- AP Statistics*
- AP Precalculus*
- Calculus I

- Geometry
- Honors Algebra II
- · Honors Geometry
- · Honors Multivariable Calculus
- Calculus A*
- Precalculus
- Statistics I
- · Statistics II

D. Science

- Anatomy and Physiology A/B
- · AP Biology*
- AP Chemistry*
- AP Environmental Science*
- AP Physics I*
- Biology I
- Chemistry

- Earth Science
- Engineering and Design
- Honors Biology I
- Honors Chemistry*
- · Honors Physics*
- Physics

E. Language Other than English

- AP French Language & Culture*
- AP Spanish Language & Culture*
- AP Spanish Literature & Culture*
- ASL I
- ASL II
- French I-IV
- Honors French II
- Honors French III*
- Honors Spanish II
- Honors Spanish III* Spanish I-IV

F. Visual & Performing Arts

- 2D Art I/II/III
- 3D Art I/II/III
- Advanced Art
- Advanced Choir I/II (Bella Voce)
- AP Studio Art*
- AP Music Theory*
- Ceramics I/II
- Dance I/II/III/IV
- Design I/II
- Digital Arts I/II/III
- Drawing & Painting I/II

- Graphic Design I/II
- Graphic Publications I/II
- Music Appreciation I/II
- Performance Dance I/II
- Photography I/II/III
- Theater Production I/II
- Vocal and Music Theory I/II

G. College-Preparatory Electives

- AP Macroeconomics*
- AP Psychology*
- ASB/Student Council Leadership
- Biotechnology & **Bioethics**
- Christian Lifestyles
- Christian Scriptures
- Economics
- Global Women's Issues
- Hebrew Scriptures
- Instructional Support: Analytical Reading & Writing
- Into Narnia: Spirituality in the 20th Century
- Introduction to Computer Science
- Modern History

- Moral Theology
- Psychology
- Rhetoric
- Social Justice
- Sociology of Media
- Spirituality of the Saints
- The Church: Mission & Sacrament
- · Women in the Church
- World Religions

*UC/CSU weighted GPA credit (The maximum number of honors/AP courses that receive an extra
